EXPERIENCE

Product Manager, a freight-booking platform (Mumbai) — Jan 2024 to present

- Own the documentation workflow product: shipping bills, invoices, packing lists.
- Rebuilt the HS-code lookup after noticing operators kept a personal Excel sheet beside the tool. I built the first version myself over two weekends before asking for engineering time.

Customs Documentation Executive, CHA firm, Nhava Sheva — 2020 to 2023

- Filed bills of entry and shipping bills daily. Dealt with query resolution at the customs house in person.
